Summary

Passionate developer specializing in AR/VR, cloud computing, and programming. Graduated B.Tech in Computer Science and Design at GEC Kozhikode. Skilled in Python, Flutter, Firebase, and Android development, with experience in Unity, ARCore, and front-end design. Focused on building scalable, real-time applications and cloud-integrated solutions. Known for leading creative teams and driving user-centric innovation across digital and virtual technologies.

Skills

AR Development	Unity, AR Foundation, ARCore, Vuforia
App Development	Flutter, Android Studio, Firebase
Web Development	ReactJS, HTML, CSS, JavaScript, PHP
Programming Languages	Python, C, JavaScript, Java, C#
Tools & Platforms	Unity, Android Studio, Git, GitHub, Blender, Figma, Photoshop, Unity Version Control
Languages Known	English, Malayalam, Hindi

Projects

ARIVU

GEC Kozhikode, Kerala, India

DEVELOPER — ARIVU (AR LEARNING APP)

2025 – 2026

- Developed an Android AR app using Unity3D, Blender and Vuforia for image recognition and interactive 3D science simulations and animations, including parameter-based learning modules and timed quizzes.
- Implemented a Python - Firebase based AI evaluation system with Flask API integration for performance analysis and dashboard visualization.
- GitHub Repository — Arivu**

HOLOHOLA

GEC Kozhikode, Kerala, India

TEAM LEAD & DEVELOPER — HOLOHOLA (AR CALLING APP)

2024 – 2025

- Led the development of an AR-based video calling app integrating Unity3D, Flutter, and Python for real-time emotion-driven AR avatars.
- Implemented speech-to-emotion detection with AR Foundation and ARCore to render responsive 3D avatars during live calls.
- GitHub Repository — HoloHolo**

PURRSISTANCE

GEC Kozhikode, Kerala, India

VR GAME DEVELOPER — USELESS PROJECT HACKATHON, TINKERHUB

2025

- Developed a Unity-based VR game with physics-driven interactions, spatial navigation implementing object interaction, motion control, and deterministic game logic.
- Collaborated on designing a VR environment, focusing on system design, performance optimization, and immersive user experience.
- GitHub repository - Purrsistance**

Freelance Project for PRDS Ettukara Yuvajana Sanghom

Kerala, India

AR GAME DEVELOPER — METAHUNT (TREASURE HUNT AR GAME)

April 2024

- Enhanced *MetaHunt*, AR treasure hunt game using Unity and AR Foundation with 3D marker-based clues and real-world interactions.
- Delivered the project as a paid freelance work, collaborating on gameplay logic and ensuring client satisfaction and timely delivery.
- MetaHunt – Project Link**

METAHUNT - ISTE Student State Convention

GEC Kozhikode, Kerala, India

UNITY AR GAME DEVELOPER & COORDINATOR

Mar. 2024

- Developed a Unity-based AR game using AR Foundation and ARCore, handling 3D asset integration, UI/UX, and marker-based gameplay.
- Led coordination with volunteers and technical teams to ensure smooth deployment and event execution.
- IGNIFIX Metahunt – Project Link**

Endora Website 2023

GEC Kozhikode, Kerala, India

WEB DEVELOPER

Feb. 2023 – Mar. 2023

- Developed the official event website using HTML, CSS, JavaScript, and Flutter Web with responsive UI, registration, and live update features.
- Collaborated with design and content teams to ensure visual consistency and timely project delivery.
- Endora Web - link**

Same-Pinch

GEC Kozhikode, Kerala, India

FRONTEND DEVELOPER — SAME PINCH (PHOTO SHARING PLATFORM)

2023 – 2024

- Created a social web platform for sharing and interacting with photos based on similarity using HTML, CSS, JavaScript, and PHP.
- Designed an intuitive UI/UX and implemented features such as authentication, image uploads.
- **Same Pinch – GitHub Repository**

Experience

Tamizhan Skills RISE Internship

Remote/India

INTERN — MULTI DOMAIN

June 2024

- Completed a multidomain internship under the RISE Internship, working on AR/VR, Database, Web, and App Development projects showcasing technical versatility.
- Recognized as a Top Performer in India for innovation, adaptability, and consistent project delivery across domains.

IEEE Malabar Subsection (MSS) Internship

Remote/India

INTERN — VR/AR DEVELOPMENT

July 2024

- Completed a specialized internship focused on VR/AR development under the IEEE Malabar Subsection. Gained hands-on experience in creating and deploying immersive VR environments.
- Enhanced technical expertise in Unity and VR design workflows while contributing to practical applications of extended reality technologies.

TechPulse Hackathon by ULC Cyberpark

ULC CyberPark, Kozhikode, Kerala, India

TEAM LEAD & DEVELOPER

Jan. 2024

- Directed a team in the TechPulse Hackathon organized by ULC Cyberpark, focusing on innovative safety solutions.
- Created a real-time Emergency Warning System using Flutter and Firebase, enabling users to send distress signals even during network outages.
- Integrated features like a panic button, geolocation alerts, and community-based support system for use during natural calamities or personal emergencies.
- **Raksha – GitHub Repository**

MHM'24 (Malabar Hub Meet)

GEC Wayanad, Kerala, India

LEAD DEVELOPER — AR TREASURE HUNT

Oct. 2024

- Led the development of an AR treasure hunt game using Unity and image tracking, integrating storyline, interactive 3D models, and real-time feedback.
- Guided the technical team and coordinated smooth gameplay experience during the live event.

AKCSCS'10 (IEEE Computer Society Student State Convention)

GEC Kozhikode, Kerala, India

HEAD COORDINATOR – GAMES & ENTERTAINMENT

Dec. 2023

- Oversaw planning and execution of all entertainment and game-based activities.
- Curated custom game ideas and coordinated logistics, volunteers, and technical requirements.

Education

Government Engineering College, Kozhikode

Kerala, India

B.TECH IN COMPUTER SCIENCE AND DESIGN-8.4 CGPA

Completed in May 2026

St. Thomas College HSS, Thrissur

Kerala, India

HIGHER SECONDARY EDUCATION (SCIENCE STREAM)-97 PERCENTAGE

Completed in 2021

LBS Centre for Science and Technology (Govt. of Kerala Undertaking)

Thrissur, Kerala, India

CERTIFICATE COURSE IN DATA ENTRY AND OFFICE AUTOMATION (ENGLISH & MALAYALAM)-A++

Year of Completion: 2019

Leadership Experience

2025	Secretary, IEEE Computer Society , Government Engineering College, Kozhikode (GECKKD)	Kerala, India
2025	Technical Head, ISTE Senior Committee , Government Engineering College, Kozhikode (GECKKD)	Kerala, India
2024	Creative Head, IEEE Computer Society , Government Engineering College, Kozhikode (GECKKD)	Kerala, India
2024	Design Lead, ISTE Junior Committee , Government Engineering College, Kozhikode (GECKKD)	Kerala, India
